Mr. Jason Hewlett  
P.O. Box 980622  
Park City, UT 84098

Dear Jason:

Wow! What an entertaining and thought-provoking message. As evidenced by the standing ovations, your keynote address and Saturday morning sessions were enjoyed and appreciated by students and advisers alike. We could not have asked for a more professional and cooperative guest speaker. Your obvious interest in our program and in our students was an added plus. Thank you for all you did to make the Georgia FCCLA State Leadership Meeting successful this year. Your keynote address set the tone for the weekend. The Saturday Morning session was a favorite for everyone in attendance. The entire State Association owes you a debt of gratitude for the time, interest and learning opportunities that you brought to students from all over Georgia. We are aware that preparing and presenting sessions require a great deal of time and effort and we appreciate your willingness to do this. Comments on the state meeting evaluation have, of course, been among the most favorable and complimentary we have ever received. You are welcome to come back to Georgia any time.

Again, thank you for your significant and lasting contributions to Georgia FCCLA - and to students for whom you are a shining example of the character and commitment of leadership.

Sincerely,

A handwritten signature in blue ink that reads 'Charla Allen'.

Charla Allen
