Dear Jason and Tami:

I am sending along the letter of reference from our CEO, Bill French, but I wanted to add my thanks for the great show you put on at our April, 2005 Salt Lake City conference. It was a pleasure working with you as well. You were both professional and yet friendly and approachable, both of which I appreciate.

Congratulations on your impending family. I hope that all goes well and that you continue to have success in the future. I hope to see you perform again, Jason. Don't forget me when you are a headliner in Vegas, ok?

Sincerely,

Judy Monteux
